THE RECORD has just received twelve new faces of job type. Give us a trial on letter heads, envelopes, etc. If you are not satisfied it will cost you nothing.

Local Option Election.
The people of Walker's school house neighborhood will vote on the local option question next Saturday. We understand the whisky people are making a fight, but so far no excitement has been raised. The drys will win by a big majority.

Amusements.
The amusement features of the Lexington Horse Show, Fair and Carnival surpass anything in the history of old Kaintuck. They are varied; they are new; they are for the amusement of old and young alike; they cater to every class. Reduced rates on all railroads during the dates of Aug. 2-12. [July 27-28]

Pushing the Work.
A large force of brick-layers commenced work on the hotel and opera house Monday. As enough material is on hand to prevent delay the walls will go up very rapidly. The corner stone at Richmond street and Square was laid Saturday, without the foolishness usually attending such occasions. A copy of THE RECORD's Christmas number and one of recent date was placed under the stone. Capt. Ryan has about a dozen houses in course of construction, but will have all completed before cold weather sets in.

New line belt buckles and fancy goods this week.
THOMPSON the Jeweler.

Money to Loan.

On good real estate. For particulars apply at THE RECORD office. If.

Stamp your checks before sending to banks. Parties so fortunate as to have a bank account ought to buy a stamped check book.

Anfully Dry.
Notwithstanding the fact that several good showers have fallen, cisterns about town are almost dry. There's not enough water in town to have a Presbyterian baby sprinkling.

Cheap Globe Trotting—What Tooting.
Go and have your fortune told at the "Ye Old Romany Rye" Gypsy Camp, at the Lexington Horse Show, Fair and Carnival, Aug. 8 to 12.

Will Benefit You.

Why not take in the C. & O's cheap trip to Old Point Comfort? One spends enough money on little trips to take one of these which will be of inestimable value to him. Why not go somewhere and see something worth seeing.

Surveyors in Rockcastle.
The Southern railway is running a line of survey from Lancaster via Drippings, Brodhead, Savers Knob, passing two miles east of Level Green. One line will likely run up Boone's Fork, via Mareburg and Tunnel No. 1, to the head of and down Skagg's Creek.—Mt. Vernon Signal.

Resigned at Fairview.

Rev. Ira Parton tells THE RECORD he has resigned as pastor at one of his churches, Fairview, near Hall's Gap. He has one or two other churches yet in his charge. Rev. Parton is a preacher who adheres to the plain, unvarnished religion, and leaves off the high-gloves, so-called "aristocratic" touches now put on by high-salaried, sky-scraping city "clergymen." He tells his congregations if they sin they go to hell, with a cap H. and does not picture that place as a kind of winter resort. Rev. Parton comes as near being a pure man as any one we ever saw, and what the world needs is more of the straight-from-the-shoulder warnings like he gives.

Prayer Meeting.

The W. C. T. U., will hold a prayer meeting in the Masonic Lodge room Saturday morning at 11 o'clock. This it in connection with the local option election to be held at Walker's school house that day.

Dunlap in Alaska.

Mrs. M. C. Walter has received a letter from her son, W. O. Dunlap, stating he is in the regular army and is now on duty in Alaska. He enlisted to go to Manila, but his company's orders were changed. He says the ice is melting on the Yukon river and spring fast approaching. Mr. Dunlap was in the fight at San Juan, with the gallant sixth infantry.

Town taxes are now due, and property owners should come forward at once and settle. This has to be done and those putting it off too long will be put to extra expense.
6-22-99. E. M. WALKER, Collector.

Married at Paint Lick.

By an unintentional oversight, mention was omitted last week of the marriage of Mr. Oscar Boyle and Miss Theresa Brown. Both are prominent young people of that section. The bride is quite handsome and the groom a young man of pluck and energy. THE RECORD extends congratulations.

Fine Turkeys.

Mrs. Fox, of Marksbury, made the first sale of turkeys we have heard of this season. She raised a big lot of the White Mammoth Bronze breed, which attracted much attention. Saturday a gentleman named Clews saw them and immediately purchased twenty-five at a fancy price. Mrs. Fox has a number left for which she has been offered a big price.

Out-Door Reception and Supper.

The Ladies' Aid Society will give an out-door reception and supper at residence of Mrs. Jennie West, on Stanford street, Thursday evening, July 27, '99. A full supper will be served, consisting of ham, beaten biscuit, salads, pickles, iced tea, cream, sherbert and cake. Supper for families will be served, beginning at 7 o'clock. A table will be especially arranged for the children, and games prepared for their entertainment. Admission, 15 and 25 cents.

ONLY \$1.25.
To Cincinnati Sunday. Great Trip, at Little Cost.

The L. & N. will sell round-trip tickets Lancaster to Cincinnati next Sunday at only \$1.25. You leave Lancaster at 2:52 a. m., arrive Cincinnati at 7:30. You have all day in the city and can return leaving there at 7:30 p. m., arriving Lancaster at 12:29 midnight. There are many attractions in the city, and the trip will be a good one to take.

County Court.

A big crowd came in Monday, in fact more people than we ever saw at a July court. The merchants had a good day, but stock matters were at a standstill. A few head of cattle changed hands, mention of which is made in our stock column. There was no demand for stock, as farmers are almost completely without feed or water. The grass is burned up and it is with much difficulty that stock water is obtained. The recent rains, while helping some, did not revive the wells and springs.

FANCY PREMIUMS.

Will be a Feature of the Danville Fair Aug. 30, 31, and Sept. 1.

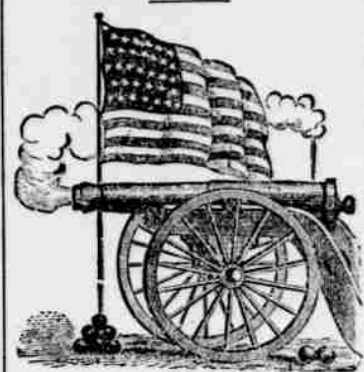

While the Danville Fair will have a good many novel features for the entertainment of the crowd, there will be a full quota of good premiums. The premiums in the show rings run from \$20 to \$110. The last named premium is far the most valuable, and there will also be a premium of \$100 in a saddle ring. Another thing, the premiums will be paid in cash, without discount, and in most cases 75 per cent to first and 25 per cent, to second.

By an error in the minutes, the fact was overlooked that Ed. Walton of the Interior Journal, Louis Landram, of the Lancaster Record, and Joe Waters of the Lincoln Democrat, had been made honorary vice presidents.

The association will give a grand hop at the Glicher Hotel the second night of the fair, with music by a Louisville orchestra. This will be a strictly select affair. Interest in the big cake walk is growing. Many people in this section have never seen a genuine cake walk by colored experts. A good one is well worth seeing, and the Danville Fair will have a good one.—Advocate.

WATER-WORKS.

City Council Grants Franchise, And Makes a Contract For Term of Years.

The City Council met in called session Saturday to receive bids on putting in a system of waterworks. It did not take long to do this, and the meeting adjourned 'til yesterday at two o'clock. The matter was then discussed fully, and it was found that the city can not make a twenty-year contract, as that would create an indebtedness greater than the constitution permits a town this size to make. It was an easy matter to get around this obstacle, however, by adopting the suggestion to only make the contract for a term which will let the project in under the three per cent limit. The next obstruction was the statement by the attorney that it required a vote by the people to make the contract legal. This was quickly knocked into a cocked hat by Mr. Moritz stating that he would accept the franchise and enter into the contract, it being expressly stated that same was "subject to ratification by the people at the polls in November." It is perfectly clear to those who have made careful investigation of the matter, that fully seventy-five to eighty per cent of the people want the water, and there is not the shadow of a doubt of the Council's action being endorsed by an overwhelming majority.

Mr. Moritz will begin his survey at once and begin making his calculations. When the vote was taken in the Council every member present voted yes.

In Mr. Moritz' bid he agrees to furnish the town with fifty double fire plugs and two drinking fountains for man and beast, for the sum of two thousand dollars per year. The water is to be furnished from Dix river, a distance of three miles from town. He will also put in an ice plant, which will give our people that necessity at nearly one-half the price we now pay.

Teachers' Institute.

A lot of advertising having come in at the eleventh hour, we are forced to defer 'til next week the report of the Teachers' Institute. Through the courtesy of Mr. Walker Baker, we are enabled to secure complete reports, but regret very much our inability to give a part of the proceedings in this issue. The teachers are here in full force, and the Institute is proving very enjoyable and beneficial.

Much Land.

Col. L. F. Hubble was at home from the mountains this week and tells THE RECORD he is meeting with much success dealing in lands. He is a hand-and-a-half in real estate matters and knows how to handle all kinds, from a town lot to a thousand-acre farm. Having been in the mountains for some time, he now has purchasers for blue grass land, and any parties in this section desiring to sell, would do well to confer with him.

July 20-99 Mrs. J. L. HAMILTON.

Kissing Bug.

George T. Arnold, who resides in this county, brought THE RECORD a bug, pronounced, by those who ought know, a genuine Kissing bug. It fills the oft published description to the letter. The bug, was caught on Mr. Arnold's farm and has attracted much attention.

Preaching in Louisville.

At the Baptist church Sunday, the pastor, Rev. J. C. Massee, was granted a vacation of four weeks. Mr. Massee will supply during his vacation, at McFerran Memorial church Louisville. The pulpit here will be supplied next Sunday by Rev. Partin of this city.

A Great Success.

The greatest success in farm machinery is the Avery Disc Plow, just brought here by G. S. Gaines. It has been given a thorough trial and certainly is a blessing for the farmer. It works in the driest ground, and, no matter how hard the dirt is, cuts through it easily and will turn under weeds as high as a man's head. Mr. Gaines has sold five already, and those who bought them have given lengthy testimonials as to the great work they do. It is certainly the greatest invention made in farm machinery.
